HOLE NOTES

RE-DISCOVER ELECTRICITY.

If you thought electric golf cars couldn't hold a candle to gas cars, take another look. Yamaha's remarkable new G2-E Electric Golf Car represents a milestone in electrical achievement. Here's an electric car that acts like a gas car, outperforming, outdistancing, outlasting other electric golf cars.

- High-impact polypropylene body.
- Reduced energy costs.
- HD 220 batteries.
- Lestronic II charger.
- Radial tires.
- Front & rear towing brackets.
- Sweater basket & hub caps.
- FOUR YEAR warranty program.
