

EZ-GO Textron CONTRIBUTES TO FUND

Faithful dog Mac (seated) observes as Research and Scholarship Chairman Fred Anderson receives a \$500 check from Tom Mundy of EZ GO Textron.

STODOLA SCHOLARSHIP DEADLINE NEARS

The second annual Harold Stodola Memorial Scholarship competition is near completion. The one-year grant is open to Minnesota residents or employees of MGCSA members. A candidate must have completed either his second year of a four-year turf program or completed the first year of a two-year turfgrass technical program. Applications are available by contacting the Scholarship Committee members or the MGCSA office. Deadline is July 1, 1988.

“June Bug Blues”

The Beetle's seem to have Their Day,
Laying Eggs without discretion,
As Larva eat and chew Their way,
With a munching perfection.
The June Bug starts the Summer Season,
And alerts a watchful Eye,
For many misfortunes can occur,
Beneath a Sunny Sky.

“We had a tremendous algae problem. To solve the problem we purchased an OTTERBINE® Aerator”.

Bob Jackson, Superintendent MEADOWLANDS Country Club

“...The water quality and algae problem were cleaned up; so last year we purchased our second OTTERBINE Aerator”.

Literally thousands of golf courses around the country are already benefiting from OTTERBINE® Aerators. These aesthetically pleasing, floating mechanical aerators help keep water hazards clean and clear by controlling algae and its unpleasant odor.

Available in a wide variety of models: OTTERBINE Aerators serve as an on-going water management tool. They reduce or eliminate the

need for chemicals — And when water is used for irrigation, help to purify the water before it passes through the irrigation system.

Highly efficient, economical and self-contained; OTTERBINE Aerators are safety tested and approved by the Electrical Testing Laboratory. Simple to install and easy to maintain, their elegant beauty and “down-to-earth” practicality make them a welcomed addition to any course.
