WHEN THEY GROW UP.

Insignia

There's a reason superintendents who've tried new **Insignia** fungicide from BASF are calling it "The Outperformer." It's because **Insignia** exceeds even their highest expectations for a strobilurin-based fungicide. **Insignia** serves as a foundation product for reliable disease control. It controls an exceptionally broad spectrum of turf diseases—far broader than **Compass**™, for instance—offering dependable control of anthracnose, brown patch, gray leaf spot and many others, without flaring other diseases like dollar spot, the way **Heritage**® does. That means you won't aggravate one problem as you solve another. Best of all, **Insignia** controls key diseases for up to 28 days, reducing your labor and materials costs and enhancing your peace of mind. Contact your distributor or your BASF Professional Turf Sales Representative, call (800) 545-9525 or visit www.turffacts.com to learn more about how new **Insignia** fungicide can outperform on your course.

BROAD SPECTRUM. LONG LASTING. SUPPRESSES DOLLAR SPOT.

We don't make the turf.
We make it better.
