

A white, spherical, perforated AquaSphere product is shown on a wooden tee marker, set against a lush green golf course background.

Lush and green should describe  
your fairways , not your ponds !

# AquaSphere

www.bioverse.com **PRO**  
by Bioverse

*The AquaSphere is a natural solution to treating ponds and lakes on golf courses. It uses a blend of bacteria and enzymes to improve water quality, clarity and reduce bad odor. The AquaSphere is all natural and will also benefit your fairways and greens. The AquaSphere is the natural alternative to harsh chemicals. Bioverse is proud to provide an eco-friendly, safe and easy solution for water treatment.*
