

The choice is yours,
save your trees.

Always read and follow label instructions before buying or using TREE-age.

EMERALD ASH BORER IS KILLING YOUR TREES DON'T JUST TREAT IT, DEFEAT IT WITH TREE-age

Tree-age™ has been PROVEN in independent university studies to have the highest levels of control against EAB and is currently being used in Chicago, Milwaukee and other communities.

- Arborjet's system seals the pest control inside the tree.
- Can be applied near waterways, parks and playgrounds.
- Don't accept alternatives—only TREE-age™ can assure effective results you are looking for.
