The Coeur d'Alene Golf & Spa Resort

Testimonials

Coeur d'Alene Resort Golf Course was elected as a Gold Medal Resort by Golf Magazine in 2008 as one of only 25 resorts to receive this distinguished honor. Also, they received a 5-Star designation from Golf Digest—one of only 16 out of 6,200 courses rated to receive the top designation.

We have used Perfect Blend the past two years, their product line has become the cornerstone of our fertility program."

Kevin Hicks, Superintendent
Coeur d'Alene Resort Golf Course

Perfect Blend All Purpose Organic Fertilizer

Perfect Blend fertilizers are widely recognized as the most advanced organic and organic-based fertilizers manufactured in the world today. The high-grade, advanced technology fertilizers are used by homeowners and in turf and agriculture. Perfect Blend fertilizers are designed to work as biological nutrition sources for soil micro-organisms, providing turf, plants and trees with a source of steady, long-term nutrition. Perfect Blend will not leach into water features or creeks. It will actually restore damaged or low-performance turf areas and will supply turf applications with a year-round, deep green color that synthetics are unable to provide.
