

All of this may sound like a lot of paper work is involved, but such is not the case if it is done daily. However, should it be allowed to accumulate and not kept track of regularly, all you will have is a homogenous mass of facts and figures. What we are striving for is to "BE PREPARED " at all times.

DUES FOR 1959

Dues for this year are due and payable. The present By-Laws say dues must be paid by May 1st or the delinquent member will be dropped from the membership.

National dues were due October 1 and those who have not paid lost their insurance coverage January 1st.

A Mid-Atlantic By-Laws change last March made it compulsive for all regular members to become members of the National Association. We regret that some of our old friends could not go along with this idea and have decided to resign, but the majority feel that the change will benefit the majority of superintendents and the profession as a whole.

Be sure to pay your National dues also in order to qualify for Mid-Atlantic membership.
