

Elevation of the injured member will usually reduce the swelling and pain.

Many times I have wished that there were more ways to reach people with the message that is in the Red Cross first aid textbook, particularly in the case where I saw about 20 adults standing by while a youngster who had been injured in an accident lay quietly bleeding.

We got there in time. A handkerchief and a little pressure in the right place for about three minutes controlled the bleeding.

We are our brothers keepers, so I keep on in my way trying to prevent people from killing themselves. It is my hope that we keep golf a game in which all of us can say that we do, (and can), take care of ourselves.

### LADIES NIGHT REVIEW

Our annual Ladies Night was held on July 30 at Shady Grove and was a great success. Paul Barefoot, event chairman, reported that we had 125 people attending. The cocktail hour and the meal were at the Washingtonian, then we treked over to see the Jack Benny Show with Shani Wallis, female star of "Oliver." The show was excellent, and it was a very enjoyable evening.

In the GCSA Newsletter of New England, editor Gerry Finn reports that chinch bug is now giving supers there some of the headaches we "rebels" here in the south have been plagued with for years in our own area. From all indications it sounds as though the entire country has suffered from the Mid-Atlantic diseases and insects this summer. Now maybe the rest of the world
