**DON'T FORGET**

The big one is coming to Cincinnati on February 13th - February 18th. Reservations for the GCSAA national convention should be made as soon as possible to assure having a place to sleep. It is important to the Mid Atlantic this year too that we have good representation since George Cleaver is running as a national director. We seem to be gathering voting strength as we go along and it would be great if we could get someone on the board to represent the Mid Atlantic area. It's been a long time, too long, since we've had anyone to voice our opinions on matters which we seemingly have no say on. So play it up and get people to know who our man is and put out the good words!

**SOME RETIREMENT!**

Dr. George S. Langford, our old friend from the University of Maryland who was the former Maryland State Entomologist and resident helper of the Mid Atlantic was appointed in September as the acting Director of the State Board of Agronomy Programs.

Dr. Langford retired in March of 1971 after serving 14 years as State Entomologist and more than 40 years with the State Board of Agronomy and the University of Maryland. He will be serving in this position until the end of the fiscal year, June 30, 1971. We wish Dr. Langford the best and offer our services if we can help in any way.

**EDITORS NOTE**

This poem has been around for years and I stole it out of the Texas newsletter. Oddly enough, Jimmy Thomas submitted it to them.
