

Mid-Atlantic Survey

Over a month has gone since you all received a survey flyer in last month's newsletter. I asked everyone to promptly fill in the questionnaire and thus encourage a larger and speedier return. This year we have only 18 returned and two of those were sent from out of state or comparison. Denny McCammon, from Colorado, and Bill Smart from the Hudson Valley. The Association is trying to provide this information to our membership and our members won't take 10 minutes to fill out a simple one page questionnaire--WHY? Those 115 of you who have not returned the survey read this last question again and have your answers ready for our meeting at Beaver Creek. We will provide

for a moments open discussion at some time during the meeting. As of this date, the Mid-Atlantic membership comprises of 237 members, 134 of which are either A or B members that can qualify for participating in our survey.
