Agrico Country Club fertilizers will help you get the most out of your golf course. The most people the most wear the most green. We've spent a lot of time developing a custom tailored program for your golf course. We sincerely believe that it's the best there is. If you want a thicker greener golf course, use Agrico. And you can stay eighteen up all year long.

Happy Holidays

A good supervisor, someone once said, is a guy who can step on your toes without messing up your shine.

America has become so tense and nervous it has been years since I've seen anyone asleep in church — and that is a sad situation.

—Norman Vincent Peale

A good superintendent is a guy who takes a little more than his share of the blame and a little less than his share of the credit.

People can be divided into three groups; those who make things happen, those who watch things happen, and those who wonder what happened.

—J. W. Newbern

A man rarely succeeds at anything unless he has fun doing it.

The trouble with the guy who talks too fast is that he often says something he hasn't thought of yet.

One acre of grass has the cooling effect of a 70-ton air conditioner. The cooling effect is caused by a loss of water from the grass. On a single summer day, an acre of grass will lose about 2,400 gallons of water through the transpiration and evaporation
