

**JUNE 10 MEETING** (Continued from page 1)

The old stone and frame Evergreen Stables have been renovated and enlarged to house dining and bar facilities, the pro shop, and golfers' locker rooms.

Golf at Evergreen begins and ends at the Clubhouse. Meandering over the Club's 271 gently rolling acres, the course offers the golfer an abundance of natural and man-made hazards, together with the area's finest scenery.

The course was designed by Golf Architect Algie M. Pulley of Fairfax, a two handicap Engineering graduate of the University of Virginia.

Taking advantage of what had been verdant, tree-flanked farmland since before the Civil War, Pulley designed a layout which has preserved the natural beauty of the site. He has utilized open land as fairways, retained wooded areas as hazards and channelled water from the Bull Run mountains into seven creeks and ponds that come into play on eight holes. This, plus traps at every green and others located strategically in fairways, places a premium on accuracy.

Distance is also important. Measuring 6,600 yards from the regular tees, the course stretches to a formidable 7,125 yards from the championship tees.

## Membership Changes

The following have made application for membership to the Mid-Atlantic Association of Golf Course Superintendents, or are requesting a change in membership classification. This list is being published here in accordance with our by-laws. Unless written objection is received within thirty days after publication, these men will become active members with their requested classification.
