A man walked up to the reception desk in a doctor's office. The receptionist asked him what he had. He said, "Shingles." She took down his name, address, medical insurance number and told him to have a seat.

Fifteen minutes later a nurse's aide came out and asked him what he had. "Shingles," he replied. She took down his height, weight, a complete medical history and told him to wait in the examining room.

A half-hour later a nurse came in and asked what he had. "Shingles," he replied again. She took blood samples, a pressure test, a specimen, and told him to take off his clothes and wait for the doctor.

An hour later the doctor came in and asked him what he had. He said, "Shingles." The doctor said, "Where?" He said, "Outside in the truck. Where do you want them?"

LAWN & GARDEN GYPSUM

**EGYPT FARMS EXCLUSIVE!** All top dressing ingredients are thoroughly mixed and sterilized by indirect heat in our special process. The sand particles are actually coated with a mixture of top soil & peat humus for a completely homogenous mixture that will not separate during handling and spreading.

Egypt Farms top dressing is formulated especially for the transition zone to specifications recommended by the United States Golf Association, Texas A&M, Penn State, North Carolina, and the University of Maryland.

Many years of research and testing by these leading universities have produced a soil mixture for superior growth; to maintain the best balance of percolation; to resist compaction; for good aeration; and for the retention of usable water & nutrients in the growing medium.

\*Green and tee construction materials and mixes conforming to U.S.G.A. specs are also available.
