

Membership Applications

Steve Fowler - applying for Class D
 12317 Stoney Balter Rd., Kingsville, Md.
 Assistant at Hunt Valley
 Application signed by Bob Orazi and George Thompson.

Classification Changes

Earl Mason, Gibsons Island Class B to A
 George Renault, Goose Creek Class D to B
 Lester Tanner, Enterprise Class D to B

As stated in our bylaws these applications and class changes are published for all members. Anyone wishing to question any changes or acceptances should submit these in writing to the Board of Directors. After 30 days from publication, if there are no inquiries, these applications will be automatically accepted.

May - A Month To Remember

May 1978 was a month to remember in Colorado. Golf courses in May had practically every weather condition imaginable. There was a near record snowfall, hail, above average rain, strong winds, a record high of 87° in Denver on May 15 preceeded by a record low 8 days earlier on May 7th of 23°. There was even a tornado which touched down within two miles of Meadow Hills Golf Course.

All this moisture has been great in face of the two-year drought we have just experienced. My only hope is that the sun will come out long enough to let us get caught up on our mowing and perhaps get in a round or two of golf.

 LAWN & GARDEN GYPSUM

EGYPT FARMS EXCLUSIVE! All top dressing ingredients are thoroughly mixed and sterilized by indirect heat in our special process. The sand particles are actually coated with a mixture of top soil & peat humus for a completely homogenous mixture that will not separate during handling and spreading.

Egypt Farms top dressing is formulated especially for the transition zone to specifications recommended by the United States Golf Association, Texas A&M, Penn State, North Carolina, and the University of Maryland.

Many years of research and testing by these leading universities have produced a soil mixture for superior growth; to maintain the best balance of percolation; to resist compaction; for good aeration; and for the retention of usable water & nutrients in the growing medium.

*Green and tee construction materials and mixes conforming to U.S.G.A. specs are also available.
