

Around the Mid-Atlantic

Tom Miller, formerly Superintendent at River Bend, has now taken the position of Superintendent at Losantiville, C.C. just outside Cincinnati, Ohio. In a recent letter, Tom says he is very excited about his new position and that he will miss the Mid-Atlantic area. His tees and fairways are bent with the greens being Toronto (C-15) bent. He says he's going to have to watch out for that Butler National leaf spot which so far no one has been able to cure.

Taking over at River Bend is Craig Rhoderick.

Due to a change in positions, Bill Neus has resigned from the board of directors. In his place, President Mike has appointed Mike Claffey to finish out the year.

I recently received a letter from Dr. Doug Hawes. He said to say "Hi" to all in the Mid-Atlantic. He also noted the "excessively high" golf handicaps. He said it would appear to him that no one could ever accuse the Mid-Atlantic of playing excessive golf.

The third annual Mid-Atlantic Turfgrass Booster Tournament will be played at Congressional C.C. on October 19. Details are being formulated by Bob Orazi, general chairman and Bill Black, co-chairman. It's not too soon to organize a team from your club to try for the Grau trophy and the MAAGCS trophy as well as other prizes.

Paul Weiss, Sr., GCSAA president in 1957, long time Superintendent at Lehigh C.C., Allentown, Pa., died March 15, 1981. Verna, his widow, has asked that expressions of sympathy be made in the form of contributions to the Musser Foundation.

A thousand dollar Rochelle scholarship will be awarded to a deserving young golfer during the Kemper Open ceremonies at the Congressional C.C.

Joel Ratcliff is now Superintendent at Faquier Spring C.C., Warrenton, Va.

Shirts, Sweaters & Jackets

Shirts, sweaters and jackets are available with an embroidered Mid-Atlantic Crest. To order, contact Wayne Evans at (301)871-1070.

1/4"	6.3 mm
3/16"	4.7 mm
11/64"	4.3 mm
5/32"	3.0 mm
1/8"	3.1 mm

When setting your greens mower height of cut, doesn't it sound shorter when you set it at 4.7 mm instead of 3/16"?
