

# Scenes from..... the 1991 picnic

## Sterilized Top Dressing

especially formulated for your area to specifications recommended by leading universities and testing laboratories.

**EXCLUSIVE WITH EGYPT FARMS:** All materials are thoroughly mixed and sterilized by indirect heat in our special process. The sand particles are actually coated with a mixture of top soil and peat humus for completely homogenous mixture that will not separate during handling and spreading.

**COMPUTERIZED BLENDING** of soil mixtures for a superior growing medium.

**CUSTOM ON-SITE SOIL BLENDING AND TESTING** with a portable computerized blender.

Green and Tee construction materials and mixes conforming to your specifications are also available.
