PRESIDENT'S MESSAGE

All the thanks in the world to Bill Shirk for an outstanding job organizing and hosting our Superintendent/Pro event at Queens-

town. What a day, what a golf course. Thanks, too, go to the eight sponsors of the event. We know who you are and I know I will steer business your way whenever I can and I know other members will do the same. Word is that Renault is already talking "dynasty" after his impressive two-stroke victory. Congratulations, George.

Beginning with our June meeting at the Naval Academy and followed in July at Swan Point and September at Geneva Farms we have meetings hosted by three fine, young superintendents who are a real credit to the association. Please come out and show your support for their hard work. I look forward to seeing you all under the radio towers on June 9.

Ken Ingram CGCS
President, MAAGCS

**GOLF NOTES**

Winners of the 1992 Superintendent-Pro Tournament were as follows: First and winners of the Claire Emory Trophy were George Renault and Jon Stanley. Second were Jon Machmuller and Hunt Crosby; 3rd, Scott Wagner and Luther Showaker; 4th, Mark Waltz and Mike Welsh; 5th, John Necomb and Robert McDons; 6th, Jeff Blind and Allen Wronowski; 7th, Mike Evans and Larry Ringer; 8th, Jim McHenry and Bob Rementer; 9th, Steve Nash and Mike Rayan; 10th, Lentz Wheeler and Bud Lintelman. Superintendents closest to the pin were Bob Collins and Jon Macmuller, pros closest to the pin were Allen Wronowski and Ron Barrows. Superintendent with the longest drive: Walter Montross; pro with the longest drive was Glenn Kelly.

Thanks again to our sponsors for their support in making this tournament a wonderful day for all: G.L. Cornell, TESCO, Lea's Green Meadows, Finch Equipment, Summitt Hall, Ken Cominski, Pro-Lawn, Cornell Chemical, Ault, Clark & Associates.

The June meeting will be held

BEETLE BAILEY MORT WALKER

RHYS'S PIECES

Golf Notes, continued

at the Naval Academy Golf Course, with Tim Kennelly as our host. You must call the pro shop for a starting time, 11:00 a.m. to 1:00 p.m. The tournament will be a net-gross event. All score cards must be turned in to me or to the pro. All score cards must have last names and be attested to by the scorer. Failure to comply with this could cause disqualification! Tournament fee: \$5.

*Bill Shirk, CGCS
Golf Chairman, MAAGCS*

June Speaker

Our speaker for June will be Dr. Tom L. Watschke, Professor of Turfgrass Science, of Penn State University. He will speak on "The Fate of Pesticides."

○ Mark & Aimee Waltz are celebrating the birth of their new 7-1/2 lb. daughter, Paige Mathias Waltz, on April 21. I wonder if Kevin Mathias has anything to do with this?

○ Congratulations go to Dave Rudinski who is the new Superintendent at Rolling Road. Lou is so proud of his son that he promised to buy us all drinks at the next meeting. Right Lou?

○ Another announcement is that Robert "Bobby" Jenkins, formerly at Carpers's Valley Golf Club is now the superintendent at Cress Creek Golf and Country Club. Congratulations Bobby!

○ The Institute of Applied Agriculture captured second place at the Mid-Atlantic Landscape Field Day.

MAAGCS member Corey Haney, from Congressional CC, was the high individual scorer out of 200 participants from 10 schools.

○ Everyone knows Bill Emerson, one of our non-resident members who lives in Arizona. Well, you'll be glad to know that Bill's youngest son Scott, recently signed a contract with the Baltimore Orioles as a Pitcher. Congratulations Scott and Bill.

○○○

Sign of the times

A pair of environmentally incorrect robins have nested just outside my kitchen window. Woven into their carefully constructed abode is a string of shiny brown cassette tape.

—Betty Ford

The next generation in fertilizer performance.

POLY-S
TECHNOLOGY

Compared to SCU fertilizers, Poly-S™ technology offers:

- **Best Fertilizer Value** - With its unprecedented Poly-S technology, Scotts® can offer you the performance of a polymer-coated fertilizer at a price comparable to SCU products.

- **Nutrient Efficiency** - Poly-S technology provides higher nutrient efficiency than SCU fertilizers, with the capability for a consistent, programmed linear nutrient release unattainable with SCU.

- **Environmentally Compatible Performance** - With Poly-S technology, there's minimal potential for leaching, run-off and volatilization, with a significant reduction in clippings associated with surge growth.

- **"User-Friendly" Application** - Each Poly-S fertilizer is specially designed for use with a broadcast spreader, with no conditioner and no wax, eliminating the potential for lumps, wax build-up and other application problems.

It is the most efficient — and cost-effective — turf fertilizer technology ever developed. For more information about Poly-S fertilizers and their performance advantages, contact your Scott Tech Rep. Or call 1-800-543-0006.
