Roger Maxwell to Speak at July 13 Meeting

Roger Maxwell, vice president of Marriott Golf which consists of almost twenty courses throughout the country, will be the keynote speaker for the July meeting. Roger was named one of the 36 most powerful individuals in golf by *Golf Digest* and eighteenth most influential individual in the industry by *Golf Week Magazine* in 1991. I assure you his presentation will be informative as to the direction our business is taking and its outlook in the future.

The June meeting at International Town and Country Club was very successful. Steve Nash was busy getting ready for his Member Guest tournament, yet he had the golf course ready for us on Tuesday. For those who played there prior to renovation, it's not the same golf course. The new sodded greens were large and all bentgrass; quite different than the old Poa greens. At the same time significant improvements were made to other parts of the golf course, and Steve and his membership are starting to reap the benefits.

I attended the Kemper Open at TPC at Avenel and enjoyed some great golf while admiring the job our longtime member, Tom Haske, did in conditioning the golf course for the tournament. Tom and his wife, Marty—who works for Turf Equipment and Supply, are relocating to Florida. The MAAGCS wishes them well.

Our education chairman, Dean Graves, hosted the Mazda LPGA tournament June 7-13, and I know all went well. Dean was using the eight new greens he had McDonald & Sons build last fall. It is to his credit that he had them ready for tournament play already.

The speaker, Stephanie Hau of Chesapeake Environmental Management had a lot of good information for the membership on water use for the golf course. It was evident by the number of people who approached her afterward that this is becoming a
