### COHOON'S CORNER

Below is a news release from the GCSAA which recently crossed my desk.

#### GCSAA staff realigns to provide improved member services

July 6, 1994. The GCSAA has announced a series of changes in its management structure and staffing designed to reflect a renewed commitment to outstanding member service. The changes resulted from months of strategic planning and analysis involving the association's board, member-driven committees and the entire GCSAA headquarters staff.

GCSAA CEO Stephen F Mona, CAE, called the new structure "more efficient, more effective and more reflective of the needs of today's superintendent." He added that, "Our objective is to become one of the nation's finest service organizations by the year 2000. These changes create the structure needed to accomplish that goal."

Among the key changes announced were:

- Creation of three new departments in the areas of chapter relations, career development and

# Mirafi<sup>®</sup> is all you need to know about construction fabrics.

When it comes to construction fabrics, people come to the specialists. At Mirafi, geotextiles are our only business. So all of our assets and energies go into creating and marketing the most reliable construction fabrics possible for ground stabilization, drainage, pavement overlays and sedimentation control.

Our sales and distribution network is the broadest, best trained in the industry. And our technical people give the assistance you need before, during and after the sale. If you're involved in construction, we can make your jobs go more quickly, more easily, more economically with Mirafi geotextiles.

technical information services.

- Consolidation of public relations, government relations, publications and advertising sales functions into a single communications department.

- Merging marketing functions with management of the annual GCSAA Trade Show and Golf Championship.

"The new departments will help us fulfill critical member needs," Mona said. "Our members told us they wanted stronger ties between GCSAA and chapters, more employment assistance and a 'one-stop' source of technical information, so we directed people and resources into those areas."

Two of three leadership roles for the new departments have already been filled. Don Bretthauer, formerly manager of Pacific Rim operations, has been named manager of chapter/international relations. David Bishop, formerly director of education, has been appointed manager of technical information services. A manager of career development will be named in coming months.

Pat Jones, formerly director of development, has been appointed director of communications. He
