

TABLE OF CONTENTS

GENERAL TURFGRASS SESSION: MICHIGAN STATE UNIVERSITY RESEARCH REPORTS

FESCUE UPDATE	1
Dr. Kenyon T. Payne, Professor, Department of Crop and Soil Sciences, MSU.	
SOILS RESEARCH: NITROGEN CARRIERS, POTASSIUM STUDIES AND REWETTING OF A HYDROPHOBIC SOIL	3
Dr. Paul E. Rieke, Professor, and Richard A. Bay, Technician, Department of Crop and Soil Sciences, MSU.	
TURFGRASS DISEASE RESEARCH 1974 - TYPHULA BLIGHT AND FUSARIUM PATCH	6
Dr. Joseph M. Vargas, Assistant Professor, and Ron Detweiler, Technician, Department of Botany and Plant Pathology, MSU.	
PREGERMINATION SEED TREATMENTS	13
Richard B. Anda, Graduate Assistant and Dr. James B. Beard, Professor, Department of Crop and Soil Sciences, MSU.	
MEASUREMENT TECHNIQUE, WEAR TOLERANCE AND NUTRITIONAL RELATIONSHIPS AS RELATED TO TURFGRASS THATCH	15
Dave Duncan, Graduate Assistant and Dr. James B. Beard, Professor, Department of Crop and Soil Sciences, MSU.	
DIAGNOSIS OF NEMATODE PROBLEMS OF TURFGRASS	18
Dr. George W. Bird, Professor, Department of Entomology and Department of Botany and Plant Pathology, MSU.	
Session B - Golf and Associated Industries	
SUBIRRIGATION RESEARCH FOR GOLF GREENS	20
Jeffrey V. Krans, Graduate Assistant and Extension Associate, Department of Crop and Soil Sciences, MSU.	
FAIRWAY RENOVATION - WHICH WAY IS BEST?	24
Lee Record, Mid-continent Director, USGA-Green Section, Crystal Lake, Illinois	
SOIL MIXES FOR PUTTING GREENS	27
Dr. D. V. Waddington, Professor, Department of Agronomy, Pennsylvania State University	
TEE AND FAIRWAY CULTURE	43
David S. Moote, General Manager, Essex Country Club, Windsor, Ontario	

THE C-15 PROBLEM	49
Dr. Joseph M. Vargas, Jr., Associate Professor, Department of Botany and Plant Pathology, MSU.	

INDIVIDUAL SESSIONS

Session II (A) - Sod Production

EFFICIENT FERTILIZER UTILIZATION FOR SOD PRODUCTION	50
Dr. Paul E. Rieke, Professor, Department of Crop and Soil Sciences, MSU.	

HOMEOWNER PROBLEMS WITH SOD	52
Charles Cooper, Extension Horticultural Agent, Jackson, Michigan.	

SEED QUALITY: PURITY AND VIABILITY - SEED BLENDING AND MIXING	54
Dr. Fred B. Ledebauer, Vice-President of Agronomy and Research, Loft's Pedigreed Seeds, Inc., Bound Brook, New Jersey.	

TURFGRASS NEMATODE CONTROL	56
Dr. George W. Bird, Professor, Department of Entomology and Department of Botany and Plant Pathology, MSU.	

Session B - Professional Lawn Care and Recreational Turf

DEATH, TAXES, MERION AND STRIPE SMUT	59
Dr. Joseph M. Vargas, Assistant Professor, Department of Botany and Plant Pathology, MSU.	

QUALITY SEED FOR TURF	60
Dr. Fred B. Ledebauer, Vice-President of Agronomy and Research. Loft's Pedigreed Seeds, Inc., Bound Brook, New Jersey.	

EFFICIENT UTILIZATION OF FERTILIZERS ON TURF.	62
Dr. Paul E. Rieke, Professor, Department of Crop and Soil Sciences, MSU.	

Session III - Whats It Costing

THE IMPORTANCE OF BUDGETING	63
George Prieskorn, General Manager, Burroughs Farms, Brighton, Michigan.	

FERTILIZER COSTS AND AVAILABILITY FOR 1975	68
Dr. D. V. Waddington, Professor, Department of Agronomy, Pennsylvania State University.	

TIPS ON COPING WITH INFLATION AND THE ENERGY CRISIS	70
James Fisher, Director of Marketing, Toro Manufacturing Co., Minneapolis, Minnesota.	

LABOR COSTS - DIRECT - INDIRECT	75
Dr. Daniel H. Kruger, Associate Director and Professor, School of Labor and Industrial Relations, MSU.	
EQUIPMENT COSTS - WHAT IS IN THE FUTURE	82
Roger Thomas, Jacobson Manufacturing Co., Racine, Wisconsin.	
PUBLIC RELATIONS IN THESE INFLATIONARY TIMES	84
Dr. Vern Freeh, Assistant Director, Office of Special Programs, University of Minnesota.
