

INDEX

- activated charcoal 123
- advertising, lawn care 99-103
- aeration of soil 28, 33, 41-44, 134, 135, 140, 156-158, 160
- aerification (see cultivation)
- algae 120, 125
- algicides 42, 43
- allelopathy 123
- anaerobic soils 41, 44, 120, 124, 125
- annual bluegrass
 - biological control of 92
 - competition with bentgrass 62-69, 70-77, 123
 - competition with Kentucky bluegrass 82, 83
 - effect of PGR on seedheads 82, 83
 - response to nitrogen 12, 15
 - response to sulfur 2, 3, 5, 6, 46, 48, 52
 - response to wet weather 158, 160, 161
 - seedhead production 62-65
 - susceptibility to disease 46, 47, 52-54
- anthracnose 47, 48, 53, 54
- aquatic herbicides 119
- athletic field
 - drainage 120, 121, 122
 - grasses for 108, 109, 161
 - injuries on 154, 155
 - management practices 108, 154, 155, 159, 161
 - topdressing 108
- bentgrass
 - competition with annual bluegrass 62-69, 70-77, 123
 - cultivation 28-33
 - fertilization 12-14, 16-22
 - response to nitrogen 12, 13, 15
 - response to sulfur 2, 5, 6, 46, 48, 52, 56
 - susceptibility to disease 38, 45, 47, 48, 50, 54-56, 93-95
 - topdressing 10
- biological control of
 - annual bluegrass 92
 - chinchbugs 146-148
 - disease 39, 93-95
 - grubs 148
 - pond weeds 119
- black layer 41-44, 124, 125, 126
- chinchbugs 146, 147, 148
- clippings 2, 3, 23, 26, 62-69, 70
- compaction
 - effects on diseases 134, 136, 138
 - effects on trees 111, 113, 140, 144
 - effects on turf and soil 28-33, 134-138, 157, 158
- computer use 90, 91
- crabgrass 60, 61, 78-81, 130, 131
- cultivation

- effect on grass competition 70-77
- effect on disease 38
- effect on root growth 28, 29, 32, 33
- for insecticide injection 34
- for trees 140, 144
- hollow vs solid tines 28-33
- of athletic fields 109, 154, 155
- soil removed by 11
- to relieve compaction 120, 121, 124, 126, 137, 138, 160, 161

denitrification 157

Diazinon cancellation 148

diseases of trees 111-118, 139-145

dollarspot 47, 48, 54-56, 156, 159

drainage

- effect of black layer 41-44, 124, 125, 126
- effect of compaction 28, 29, 32, 84, 134, 136, 159
- for trees 140
- of athletic fields 108, 120, 121, 122
- of bunkers 96, 97
- techniques 120, 121, 122

drift of herbicides 127-129

drought stress

- effect on necrotic ring spot 38, 39, 88

earthworms 24, 25, 27

evaporation pan 87, 88

evapotranspiration 84, 86-88

fertilization (see nitrogen, phosphorus, potassium, sulfur, iron)

- effect on diseases 38, 39, 42, 47, 57, 58
- of athletic fields 108
- of trees 113-116, 140, 144
- on compacted soils 134, 135, 137, 138

fine fescue

- availability of seed 153
- susceptibility to disease 35, 146, 147

fungicides for

- anthracnose 47, 48, 53, 54
- dollarspot 47, 48, 54-56
- melting out 45, 51, 57, 58
- necrotic ring spot 38, 49
- pythium 48, 49
- snowmold 45
- summer patch 46, 52
- tree diseases 114-116, 140-142, 145

germination 158, 161

growing degree days 82, 83

growth regulators (see plant growth regulators)

grubs 34, 36, 148

gypsum 138

herbicides

- broadleaf 127-129, 130, 131
- drift 127-129
- for ponds 119
- post emerge 60, 61
- preemerge 60, 61
- tank mixing of 130, 131
- use on compacted soil 138

injuries on athletic fields 154, 155

insecticides 34-36, 148

insects of

- turf 34-36, 146-148
- trees 113, 139

iron

- effect on black layer 41-44, 126

irrigation

- and compaction 136-138
- effect on black layer 42, 126
- effect on turf competition 62, 63, 65, 69
- of athletic fields 108, 154, 159
- of trees 113-116, 140, 144
- scheduling 84-89

Kentucky bluegrass

- availability of seed 153
- compaction effects on 137
- competition with annual bluegrass 82, 83
- response to nitrogen 23, 25, 26
- response to sulfur 2-4
- rooting 78, 79, 82
- susceptibility to disease 37-40, 45, 51, 57, 58
- thatch 23-27

lawn care

- advertising 99-103
- communication with customers 99-107
- pesticide safety 98, 99, 149, 150
- professionalism 100-105
- salesmanship 132, 133
- training employees 101-104, 132, 133

leaching 157

material safety data sheets 150-152

melting out 45, 51, 57, 58

minirhizotron 78, 79

moles 110

mowing 108, 109, 146, 156, 157, 159

necrotic ring spot 37-40, 49, 158

nitrogen fertilization

- effect on annual bluegrass 12, 13, 15
- effect on bentgrass 12-14, 16-22
- effect on Kentucky bluegrass 23, 25, 26
- effect on species competition 62-69, 70-72, 74, 75

use after rainfall 157, 160

O. J. Noer Memorial Library 90, 91

OSHA regulations 149-152

overseeding 62-65, 72, 77, 108, 121, 158, 160, 161

perennial ryegrass
availability of seed 153
compaction effects on 137
overseeding 161
response to sulfur 56
susceptibility to disease 38, 56

pesticide
protective clothing 98
safety 99
use on compacted soils 134, 138
use on trees 139-145

phosphorus
soil tests 7-9
turf response 7-9

phytotoxicity
to fungicides 47-49
to sulfur 2, 3, 5, 46

plant growth regulators
effect on species competition 62-67, 69, 71, 72, 74, 76
effect on seedheads 82, 83
use of turf 78, 142

Poa annua (see annual bluegrass)

pond management 119

post emergence herbicides 60, 61, 130, 131

potassium fertilization
after rainfall 157, 160
soil tests 7, 8
turf response 7, 8

preemergence herbicides 60, 61, 78-81

professionalism 100-105

protective clothing 98, 150, 151

pythium 48, 49

rainfall effects 86-88, 156, 159

red thread 49, 50

rhizomes 24

Right to Know Legislation 149-152

Ringer products
effects on thatch 23-27
effects on disease 38
nitrogen response 23-27

root growth
of turf 24, 28, 29, 32, 33, 39, 78, 79, 84, 86, 120, 124, 126, 134, 135,
156-158, 160
of trees 113, 118, 140, 144

Roundup use 60, 61

salesmanship 132, 133

sand bunkers 96, 97, 158
sand topdressing 10, 126
seed availability in 1987 153
seeding 158
siltation 157-160
snow mold 45, 50, 93-95
sodding 158
soil modification 138
soil moisture 28, 29, 32, 33, 39, 140, 157, 160
 basis for irrigation needs 84-86
 effect on black layer 41-44
 effect on necrotic ring spot 38, 39
soil pH 2, 3, 41, 44, 140
soil temperature 38, 41, 134
soil tests 7-9, 62, 66
sulfur
 effect on black layer 41-44, 125, 126
 effect on pH 2, 3
 turf response to 2-6, 46, 48, 52, 56, 57
summer patch 46, 52

tall fescue
 availability of seed 153
 compaction effects on 137
 susceptibility to disease
tensiometer 85
thatch 23-27, 70, 71, 74, 146, 161
topdressing 10, 108
training employees 101-104, 132, 133, 150
trees
 diseases of 111-118, 139-145
 management 111-118, 139-145
Turfgrass Information File 90, 91

U.S.G.A. Information File 90, 91

vertical mowing 70-73, 75, 77
vertical mulching 140, 144
volatilization of herbicides 127-129

wear 136, 137, 154-157
weed control in ponds 119
wetting agents 108, 138
wilting 85, 88
