

25 YEARS OF MISTAKES PART II

**Gordon Witteveen

It is hypothesized that we learn from our mistakes. However, to learn from ones' mistakes one must be honest with oneself. Let's face it, it's a lot easier to pass blame to someone else. With that in mind I have decided to be honest for the audiences sake, as I share my errors. It is my hope that all can learn from the mistakes I have made, in 25 years experience as a golf course superintendent.
