NEW JACOBSEN BRUSH

The Jacobsen Manufacturing Company, Dept. A-2, Racine, Wis., are adding a brush attachment to their power putting green mower, which is one of the most important and necessary improvements made in the golf field in many years.

This brush rides ahead of the mower and when not in use swings back against the handle. It is especially valuable in brushing bent runners and spreading compost.

Any greenkeeper can have a free demonstration by writing the company at the above address.

Playing Seasons Increased Three and Four Months

The Allegheny Country Club
Pittsburgh
The Oakwood Country Club
Cleveland

The Columbus Country Club
Columbus, O.
The Detroit Golf Club
Detroit

These clubs increased their playing seasons from 3 to 4 months each year and reduced maintenance costs appreciably by the scientific drainage engineering of this organization. We work co-operatively with the architect or local contractor.
