A Turf Fertilizer —PLUS

Driconure, the all-organic fertilizer contains the three main food elements—nitrogen, phosphoric acid, and potash—plus—a liberal quantity of the well known soil builder, G P M Peat Moss.

Being in finely granulated form, it gets right down to the grass roots and builds up the soil for future use, in addition to stimulating for immediate growth. It is the best all around turf builder for long-lasting results.

Get to the root of your turf trouble by letting Driconure get to the roots of your turf. Literature—or if possible, a turf expert will be sent on request.

\$75. per ton f. o. b. Juliettown, N. J.

Our Mistake

We made a mistake last month when we published a story in the Market Place section entitled, "A Welcome Face." In this article we stated that Mr. C. C. Chanderlin, was president and active head of the Philadelphia Seed company. This was an error.

We have been informed that Mr. Chanderlin is not and never has been president of the company and is at this time not connected with the firm in any way.

Wood's Equipment

One of the largest distributing houses for golf course equipment, seeds and fertilizers is T. W. Wood & Sons, Richmond, Virginia. This company makes a specialty of fine grass seeds, all of which are thoroughly tested and purity and germination guaranteed.

In addition they are agents for the Pennsylvania mowers, Royer compost mixer, Cooper power mowers, Staude tractors, Hardinge mower sharpeners, Standard metal flagpoles, hole rims, markers, etc., and a miscellaneous line of maintenance equipment and supplies.

The T. W. Wood & Sons Company has an enviable reputation for prompt service and square dealing and the catalog which they issue is very complete with descriptions and prices of every article they sell.
