

men's locker room will include a swimming pool.

Other features of the development will involve an outdoor swimming pool, tennis courts and a polo field. Landscaping includes the planting of 1,600 trees.

Although some of the grass is above the ground already, it is planned not to open the courses for play until the middle of July in order to give the turf a chance to mature. The fairways were planted with 150 pounds of seed per acre with a mixture consisting of 70 per cent Kentucky Blue Grass and 30 per cent *Agrostis Maritima*. The greens were planted with vegetative Metropolitan bent stolons.

The Sportsman's Golf and Country Club undoubtedly will be heard from frequently in connection with open championships.

#### U. S. G. A. Meeting

The Green Section committee of the United States Golf Association have arranged to hold a meeting at the Hotel Biltmore, New York City, on Friday, January 10th, 1930, at 9:30 a. m. A number of interesting papers will be read, supplemented by a report of the work of the Green Section during the past year.

### "Best Greens in Cincinnati"

Mr. C. A. Rich, chairman of the Green committee of the Western Hills Country Club, Cincinnati, says: "Since 1926 when we commenced reconstruction of our course I find that we have used 17 cars of

## "WINDRIFT" Hardwood Humus

*"Our members say we have the best greens in the Cincinnati District."*

"By using the plain humus for our top dressings I believe we have found one of our greatest economies. The ease with which it is used without at any time delaying play upon our greens has greatly increased the efficiency of our operating force as well as eliminating our former expensive compost piles."

*Put a few tons of "Windrift" Humus in your 1930 Budget. Do it now.*

## Don't Forget the Birds

**E**ACH morning I take great pleasure in feeding great flocks of birds and I am richly rewarded by their beautiful songs. I certainly enjoy their music. There is hardly a day goes by but what I have something for them, even in the summertime. In the winter I buy feed for them and take as good care as I possibly can. At the old place I had several bird houses, which are still there, and birds undoubtedly waiting for me. However, this winter I told my handy man that we would have to put up new houses here so the birds could get better acquainted with us.

I also have a great many Chinese pheasants which have multiplied so that we have anywhere from forty to fifty on our grounds. Some years ago we didn't have any, but by taking care of those that happened in, such as buying cornstalks and corn and tying these to the trees so the pheasants could get hold of the feed after the snow arrived, they must have gotten together and said, "Let's make Charlie Erickson's place our permanent home." I am really very proud of my birds.

Well, boys, I guess I have said my say, there is just one more thing and that is I wish you all a Very Merry Christmas and a Happy New Year, and I hope I will have the pleasure of seeing a great many of you in Louisville in February.

Yours very truly,  
CHAS. ERICKSON,  
(Greenkeeper, Minikahda Club)  
Minneapolis.

## Larger and Better Tees

By JOHN ANDERSON, Greenkeeper  
Crestmont Golf Club, West Orange, N. J.

**O**N visiting some of our golf courses one is struck with the need for larger and better teeing grounds. Even on some of the championship courses, some teeing grounds are poor, mostly on short holes where the tees are much too small.

The tee ought to be at least large enough to allow the markers to be changed six or seven times without being twice in the same place. This gives the turf at least a week to recover after hard playing for one day.
