FEED Your Turf

Like all living things, turf grows best when properly fed. You will get better, greener turf, and it will stay green longer if you top dress with Driconure.

Driconure just "teems" with life giving properties. It is peat moss and cow manure dehydrated—a natural organic fertilizer—a perfect soil tonic.

If your dealer cannot supply you write us. \$2.50 per bag of 50 pounds F. O. B. plant at Juliustown, N. J. \$75. per ton.
