FOR BETTER GREENS Use a Hardinge Mower Sharpener

Sharpens quickly and accurately the bed knives and reels of all mowers.

Manufactured by
HENRY H. DOTY
Glenview, Illinois

Introduced last July "Come-Putts"

are already becoming standard equipment among golf clubs everywhere.

The country over, and in Europe, Hawaii, and the Philippines as well.

They fill a long-felt need for which nothing adequate has ever been offered before.

"Come-Putts," white special water-proofed composition rings of standard diameter, outline upper part of hole on golf green and make it plainly visible as much as forty feet away. Dress up greens, support turf around holes, make new holes needed less often. Non-resilient—"bounce-proof"—remove the "accidental hazard" of a mishapen or broken-down hole.

Golfers who have played courses that are "Come-Putts" equipped cannot help making comparisons if your course lacks this finishing touch.

May be renewed two or three times weekly at less than a cent a hole per day—and oh, how they do improve the game!

Sanctioned by R. & A. and U.S.G.A.

Write for further particulars, or better yet, order to-day.

THE NEW IMPROVED SOILSLINGER COMPOST MIXER

Only
\$150

LOW IN PRICE

The *Soilslinger* ideally combines new compost mixing efficiency with low cost. It thoroughly cuts, breaks, mixes and aerates compost, completely pulverizes and prepares soil, sand and manure, and delivers a perfectly blended compost into a fluffy pile or windrow.

Simple design and operation—few parts—nothing to wear out—special design of cutter blades improves mixing and aerating of materials—handles moist or dry material—no clogging—ample capacity—light weight for easy moving—any type of power—low cost.

The *Soilslinger* is a wonderful time and labor saver for the greenkeeper or gardener. It is just as efficient as larger, more expensive units and costs much less. Every golf course can afford one and should order now.

Write for descriptive bulletin and prices.

THE NEW IMPROVED SOILSPREADER TOP SOIL DRESSER

Only
\$90

The new *Soilspreader* provides a better method for top dressing greens also at a new low cost. It is simply constructed. Two large rolled edge wheels support the "V" Type Hopper of ample capacity. Clutches on each wheel prevent the discharge of material until wanted. Improved agitator at bottom of hopper provides for even distribution of material whether light or heavy feed is required. No ridges or rows—positive sifting into the grass. Handles moist or dry material—light and easily moved—thoroughly tested and approved. Here's a top soil dresser that really does the job wanted at the right price. Get the facts now.
