

A Triumphal Year for JACOBSEN Power Putting-Green Mowers

A New Jacobsen Catalog

devoted to the Jacobsen Power Putting Green Mowers and auxiliary equipment is on the press. It records a new era of efficiency in putting green upkeep. Get your name on our list now for a copy of this interesting, instructive new book.

The year just passing has been one of real success for Power upkeep equipment for putting greens. Having pioneered in this field, the Jacobsen Power Putting Green Mower, reached the full realization of its dream.

It has triumphed over the ultra-modern green and the undulating green. It has solved the question of weight, met every requirement for perfection of work, ease of handling and proved itself an outstanding economy in time and labor.

Meet us at Buffalo

A complete display of Jacobsen equipment will be exhibited at the National Greenkeepers Golf Show at Buffalo, February 13th to 16th.

A Merry Christmas

We extend heartiest Christmas wishes to all our friends and patrons, and we specially thank them, because by their recognition and cooperation, we were able to make 1928 the most successful year in our history.
