my club. Mack is a live wire in the interest of our association.

**D**ON'T wait until spring to order equipment, etc. Do it now, for manufacturers can give you more attention than by waiting until the spring season commences.

**T**HAT our association is broadminded is proved by the fact that a number of pro-greenkeepers are taking an active part in the welfare of our organization.

**I**ENJOY the expressions of such greenkeepers as Fred W. Sherwood, Northmoor Country Club, Ravina, Illinois. He says, "Why can't we all be candid and fair in our opinions?" and "Don't always knock the other fellow, find out under what conditions he is laboring, what difficulties he has to overcome and rather give him a helping hand."

## THE MacGREGOR COMPOST BRUSH

### What A User Says:

MacGregor Compost Distributor Co.,  
Wheaton, Illinois.  
Gentlemen:

Two years ago I had the pleasure of visiting the Chicago Golf Club, Wheaton, Ill., and I was deeply impressed with the methods used in getting the soils for top-dressing worked into the turf, by the use of a compost brush.

Having used several devices for working the compost into the turf, which have not given me good results, I tried out the MacGregor brushes, and I feel, owing to the good results which I have received from them, I should acknowledge my appreciation to you for the service that the two brushes which we received from you have given.

Yours truly,  
(Signed) John Morley, Greenkeeper.
