### Guaranteed Products

#### Lyman Carrier's COCOOS

The coming putting green grass. The last word in fine turf. Just a little bit in advance of the times. Place your order now for 1929.

Lyman Carrier's WASHINGTON strain of creeping bent is a turf-forming grass which spreads by runners which creep over the ground. This is the original Washington strain.

### Guaranteed Products

#### Lyman Carrier's POA BULBOSA

The wintergreen grass of the Southland. Makes the ideal turf for putting green surfaces in the South. Stays green all winter.

#### Lyman Carrier's LECCO

The complete grass food. Starve the weeds and feed the grass. Say goodby to the Compost Pile and "Brown Patch." The country's predominating fertilizer.
