

Would You Go Back to the Old Single Horse Mower For Your Fairways?

The "Overgreen" will cut an average green in less than eight minutes

Worthington invented, patented, and perfected tractor-drawn gang mowers for Fairways. They revolutionized Fairway mowing and greatly reduced the cost of golf course maintenance. Now, Worthington in the

"OVERGREEN"

applies the same principle to putting greens. The "Overgreen" has revolutionized putting green mowing and reduced maintenance cost, to a like extent.

Its matchless performance defies comparison. Mounted on tires that form themselves into soft pads, the "Overgreen" leaves no mark. It goes from green to green like an automobile.
