

The Worthington "Overgreen Scout" and "Multigang" Gang Mower

The "Scout" Overgreen. The greatest improvement ever made in the mowing of putting greens. It cuts a green of average size in less than ten minutes. This performance has never before been approached. Carriers permanently attached to the cutting units for travel between greens.

1932 MODEL WORTHINGTON "MULTIGANG"

When drawn by a Worthington lawn tractor this Multigang (the greatest achievement in lawn mowing machinery) cuts an acre in four minutes or 18 holes in five hours.

The History of the Worthington Gang Mower is the Complete History of Lawn Mower Progress.
