SCOTT'S

CREEPING BENT STOLONS

Don't wait until spring to build new greens or revamp old ones. Fall is the best time to plant stolons or sow seed. Some of the finest greens have been started as late as November 1. Prices now are exceptionally low.

More than one out of five golf courses in the country have sowed Scott's Seeds and many more will be added to the list this fall. Among them is the new Bobby Jones course in Georgia, where eleven tons will be used.
