The Trophies of Outdoor Sports

Play smart. Play safe with a Turface®-treated field where players won't hurt the field and—more importantly—the field won't hurt the players.

Rebuilding or top-dressing your athletic field with Turface brand soil amendment (a fine-grained mineral earth product) results in a smooth, even, cushiony playing surface which helps prevent bad-hops and errors, minimizing knee/ankle injuries and skin abrasions.

And because Turface actually absorbs practically its own weight in water your field experiences no standing water becoming ready for safer play soon after rain ends.

Further, Turface-absorbed water is retained at turf root-level then released back into the soil as needed, greatly reducing the need for frequent watering during rainless periods.

Turface-treated fields keep your players playing...and playing safer.

Call now or write for information and the location of the Turface distributor nearest you.

The All-American Pastime is played on an Evergreen lawn.

Sod is the traditional groundcover of choice for America's ball players. And Evergreen Sod is Sox Park's chosen supplier. Evergreen is fast becoming the "Contractor's Choice" sod supplier in the Midwest.

Why? Because our sod product satisfies the traditions of performance and looks. And we offer such traditional business appeals as: quantity, quality and service.

How? Through consistent growing practices and comprehensive marketing. Our network of depots throughout Chicagoland makes it possible for your crews to get fresh sod when they need it on the job site.

We make a second All-American pastime—running a profitable business—an easier job. And that tradition is an All-American winner!

So, join the major league players: specify Evergreen sod, "The Contractor's Choice."
