

## Do YOU Have a Field of the Year?

**A**re you proud of your field(s)? Are you proud of the way you manage your sports field resources? Would you like to be recognized for your hard work

and commitment to the sports turf industry? Submit your

field for the STMA Field

of the Year. The Field of the Year Awards are given in several different categories, so don't be apprehensive about competing against a NFL or MLB field. Remember, we are judging how well you manage your resources to provide the best field possible.

The Field of the Year has the tendency to motivate sports turf managers to give 120% instead of the daily 110% that we STMs normally give!

George Ortiz, Sports Turf Supervisor, and winner of the 1998 'College Softball Field' writes, "The high

expectations that everyone had for their award winning fields has

motivated myself and

my entire crew to renovate and submit other outstanding fields at UC Davis."

That type of attitude typifies the Sports Turf Manager.

Applications will be accepted through October 15, 1999. Award criteria can be obtained by calling STMA Headquarters. Show your pride and rise to the

*Miami Dolphins Training Facility, Professional Football Field of the Year*

occasion by submitting your application for the 1999 STMA Field of the Year.

STMA

*Lakewood (CO) Memorial Field/Jeffco Schools, High School Soccer Field of the Year*

*Field #1; Town of Lantana (FL), STMA/Beam Clay®/sportsTURF Municipal Diamond of the Year*

*University of California-Davis, College Softball Field of the Year*
