Introducing the Toro® Groundsmaster 3500-D.

It's the first rotary mower designed to make your fields look like a pro stadium. Not only are there rear rollers for striping, but our Sidewinder™ cutting system also lets you slide the cutting decks 12 inches to the left or right of center so you can vary your tire tracking. And quality of cut? The three independently floating Contour™ Plus decks cut so much like a reel mower you'll swear you're in a pro stadium. Give or take 79,000 seats. To learn more, see your Toro distributor.
