POSA UPDATE

www.POSAlliance.ca

The Parks and Open Space Alliance (POSA) continues to move forward strengthening parks and open space practitioners through professional development, recognition and advocacy.

With the offering in May of the core course components of the Parks and Open Space Professional Training Program Level I, we anticipate the soon-to-be-received applications for the first recipients of this coalition certificate program. Check the criteria to determine if you are eligible at www.POSAlliance.ca.

It will only be a matter of time before we recognize recipients of Level II given the many opportunities for educational credits available from both the Alliance and its partner associations. Check the Alliance and partner websites for education and professional development opportunities which provide the necessary educational credits, such as the recent Summer Operational Forum.

Additional Alliance workshops addressing the topics synthetic turf and understanding the supervisory role are under development. We'll keep you posted as the particulars are confirmed!
