

Field Day 2012!

The rain threatened but did nothing to dampen the enthusiasm inside The Ontario Soccer Centre where more than 200 participants representing the turfgrass industry joined us where they Volley in Vaughan on September 20.

The excellent speaker program, coupled with the knowledge and expertise shared by our industry suppliers, set the stage for a winning educational forum and networking opportunity for all who attended.

Our thanks for your participation in our 25th Annual Field Day... making it our 25th annual success!

Event Chair Andrew Gaydon (L) with Speakers Kathleen Dodson and Thomas Serensits
