

26th Annual Field Day Mississauga, ON

Speakers (L-R) Eric Lyons, Sean Jordan and Jeff Fowler

Jeff Fowler, Penn State Cooperative Extension, took participants from the classroom to the field

With the arrival of October we have reached the end of both summer and the STA field day season.

We began in June on the east coast in Halifax Regional Municipality, travelled to the Township of Langley in August and returned to the City of Mississauga for the 26th annual event on September 19th.

At this final field day, a fixture on the turfgrass calendar for over a quarter-century, we welcomed more than 200 participants from Ontario's sports turf and turfgrass sector to the Mississauga Valley Community Centre and Park.

We thank our respected speakers for sharing with us their knowledge and expertise – watch for their articles in this and future editions of the Sports Turf Manager; our sponsors and exhibitors who lend their generous support, participation and are an integral part of the learning experience; and the City of Mississauga and all the parks and facilities personnel who assisted. We know just what is involved in hosting this event, be it in Nova Scotia, British Columbia or Ontario!

We have, from June to September, networked with hundreds of sports turf professionals from across the country. It has been our privilege and we look forward to seeing you at future events! Better, safer sports turf. That's what it's all about.

Thank you to our Generous Sponsors!

THANK YOU! To Our Valued Exhibitors
