

# Productivity Defined

For groundskeepers who need a highly productive mower with superior cutting quality, the Toro **Groundsmaster® 4000-D & 4100-D** are the grounds mowers of choice. With an 11' cutting swath and a top mowing speed of 8 mph, they cover the ground in any terrain. Steep hills? Thick grass? Wet grass? There's almost nothing they can't handle. The 60 hp Kubota® turbodiesel engine delivers under the toughest turf conditions. Choose the Groundsmaster 4100-D for the outfront deck and its superior trimming capability. Or select the Groundsmaster 4000-D with its classic wing-deck design. For more information or to schedule a demonstration, contact:
