

**Brand new innovative line marking machine hits Ontario market**

Master's Turf Supply of Harriston, Ontario is the first supplier to bring this brand new award winning line marking machine into Ontario. The Impact XP line marking machine provides better and brighter lines by providing superb coverage on both sides of the leaf blade in a single pass. It can mark a standard soccer pitch from just one litre of paint. The paint comes in 5 litre recyclable bags. No mixing, no pouring, no mess. The performance, ease of use and cost savings with the Impact XP line-marking system will outperform any competition currently available. *If you would like a demonstration please contact Everett at everett@mastersturfsupply.com.*

- We have some pretty happy customers of our **Natural Knit CPR** creeping perennial ryegrass (and by the way, no unhappy ones either) The NTEP Trials on Summer Density and Wear Tolerance simply confirmed what we saw for ourselves, and heard.

- Science told us that our **Water Star** varieties would more than hold their own in our ever-growing harsh Ontario summers...and boy, did they ever.

- And for users of non selective herbicides such as horticultural vinegars and fatty acids, our **Finalsan** is gaining popularity with each and every customer who uses it.

At **Lawn Life**, we don't profess to have the biggest selection with the flashiest brochures. What we do have is simply some of the best turf products money can buy-at very competitive prices backed up by industry veterans who know their way around sports fields and parks.

**Contact us for more information and pricing, today.**
