The ProCore 1298 makes ground-breaking turf aeration technology available for large-area applications. Aerate sports fields in efficient 98" (249 cm) widths with the smooth operation and precision performance you demand. The smooth operation of the coring head allows the operator to keep the ProCore running even in the raised position, increasing productivity through turnarounds. You've never used a tractor-mounted aerator quite like it. And once you try it, you'll never go back.
