

Picture on left - Frank De Carli

Thanks to Frank for his slide and film presentation at our January meeting held at Monterey Peninsula Country Club. By the slides it looks as if the De Carli's had a good time.

Picture on right - John Engen and Robert Leas right to left

Our many thanks go out to John Engen for a great job he has done as Program Chairman, especially after talking with him at Monterey this shows great dedication to his job and to our Association. When you figure he had to leave Chico at 2:30 a.m. to attend the meeting, then turn around and drive back all in the same day--that's 14 hours of driving, with this 55 mile per hour speed it is going to make it rough to attend meetings that are of any distance.

Thanks goes to Robert Leas for his part in hosting our January meeting and thanks also to Monterey Peninsula Country Club for allowing us the privilege and the use of their facilities. Thanks again Robert.

+ + + + +

Hope all of you have signed up for the Asilomar Conference in March and make this educational meeting a roaring success. If by chance this program is dropped due to poor participation on our part it will hurt those who attended last year--who are trying to better themselves thru a better understanding of related subjects pertaining to the management of golf courses.
