

# ALLIED GROWERS SERVICE, INC.

P.O. BOX 371 916-756-3606

DAVIS, CALIF. 95616

Richard Ayala, President, as a Supporter of Thru The Green submits the following article for publication.

## ALL GREEN TOP DRESS

A NEW TOP DRESS BLEND is available for the Golf/Turf industry from ALLIED GROWERS SERVICE OF DAVIS.

THIS NEW TOP DRESS is tumbled in a large rotating mixer until thoroughly mixed for uniform application of all ingredients.

ALL GREEN is blended to your specifications in combinations of fortified organic compost (nitrogen, iron and wetting agents), very fine sand and gypsum or lime.

THIS FORMULATION provides Green Superintendents top dressing material that will infiltrate more efficiently and economically with less mower pick-up.

ALL GREEN extends an added dimension to help alleviate compaction by reducing accumulated salts found in most fertilizers (excluding Par Ex)

Also available from January 15 to February 27, PAR EX with IBDU and Turfgrass Seed at Pre-Spring discount prices. Par Ex is the only slow release fertilizer available today which releases simply by hydrolysis. It has the lowest leaching rate than any fertilizer on the market. Par Ex is a Control (slow and even release of Soluable N), Predictable performance, (constant release for 12+ weeks) and Efficient Fertilizer. A professional tool for the professional turfgrass manager. All Turfgrass Seed products and Par Ex are reduced to cut your course maintenance costs.

ALLIED GROWERS also has warehouse facilities for storing your products. Contact CLIFF ROURKE: (916) 756-3606

+++++
