

ALLAN SCHLOTHAUER, CGCS

PRESIDENT'S MESSAGE

Congratulations is in store for John Fleming, his staff, The Olympic Club, and the USGA for hosting what may be the finest US OPEN Tournament ever. All reports seem very positive and complimentary. When the fairways are rolling 6' on the stimp meter, you know the greens are going to be quick. We are proud that John is a member of GCSA of Nor Cal. His achievement has a reflection on all golf course superintendents. I am sure that all Superintendents alike, join with me in wishing you luck in restoring, not one but two, golf courses. It is a shame to use one as a parking lot. Many thanks to you, Jim Myers, and Tony Zirpoli for taking time out of your busy schedules to speak at our June meeting at San Francisco Club. It was very informative as well as entertaining. Thanks again and a job well done!

That time of year is upon us again, the Supt/Pro Tournament. It is filling up rapidly. Remember we have sold out the past several years. Also, dress appropriately. We are a professional organization and Silverado has a dress code, so use proper attire on the grounds. See you there and good luck to all.

A special thanks to GCSAA for hosting a reception during the US OPEN Championship. There was a fine turnout, with people attending from throughout the State.

Many thanks to Bob Klinesterker, his staff, and the staff at San Francisco Club, including Bill Paulson NCGA Executive Director, for a truly outstanding golf course and meeting. The turnout and compliments were equal in large quantities. Thanks again.
