San Jose, CA 95129
(408) 865-0360

FROM THE PRESIDENT

THE CHANGING OF THE GUARD

With the passing of the dues increase and the By-Law revisions by the membership, it would indicate a positive and optimistic feeling about the Golf Course Superintendents Association of North-

Pete

ern California. The vote of confidence expressed was the culmination of many hours of hard work and meetings over the past few years by preceding Boards of Directors. It was this foresight and concern for the organizations future which enabled the past years Board of Directors, led by President Pete Bibber, to complete the task initiated by our predecessors.

As the incoming President and also speaking for the Board of Directors, we will also look to the future and the establishment of new goals and standards to pursue. One of these goals is the involvement of more of our mem-

Joseph

bers. It could be on the committee level or as an active participant at our monthly meetings. Whatever form of participation is chosen, we should always remember that we are representing the Association. Which brings to mind another goal or standard I feel is very important. That of perpetuating the image of professionalism in our chosen field. This is one standard that we can all be a part of and benefit from.

In the coming months I am sure that many of our members may have concerns or problems they want to discuss. I will be available on Wednesdays between 10:00 am and 12:30 pm to answer questions, take suggestions, etc. Phone (415) 939-1211 extension 610.

Joseph Rodriguez, CGCS

NAUMANN'S NORCAL NEWS

Carl Rygg has left the Links at Spanish Bay to become the new superintendent at Squaw Valley Golf Course at Lake Tahoe. Squaw Valley is a course under construction in the valley just before you reach the ski lifts. Nine holes are planned for seeding this year and nine holes in 1991. ...

Jim Taylor, from Colorado, has accepted the superintendent position at Incline Village Golf Course. He will be working with Mike Hane, the new director of golf there.

NEXT MONTH IN THRU THE GREEN

- *Evaluating Your Systems' Pressure Requirements*
- *A Review of the Annual GCSAC State Meeting*
