

Baseball infield covers come in standard and custom sizes

Full size covers for football and soccer are readily available

Ultimate Field Cover Protection

Manufactured in North America. COVERMASTER® covers are made from the widest available materials to limit the number of seams and can be custom designed to your requirements. We also offer the widest range of colors in the industry.

With more than three decades of experience and our commitment to achieve complete customer satisfaction, COVERMASTER® field covers are recommended by more groundskeepers than any other.

Ultimate Field Cover Handling

The TARP MACHINE™ (left photo). Attached to any 14 HP tractor equipped with a PTO, it rolls the cover on and off the field in a minimum of time.

The TARP MATE™ (right photo) stores any size cover. Strong and lightweight, the 28" diameter plastic roller is complete with safety end caps and is available in three standard lengths.
