December 7-9th 2004 New Jersey Turfgrass Expo: Taj Mahal, Atlantic City. Mark your calendar. State tune for more info. ♦

Letter from the President

Membership Promotion for SFMANJ and STMA

SFMANJ is currently in its fifth year of existence as of this October. We have worked hard to give our members quality education and information. We have grown in leaps and bounds. The membership has grown from 25 to over 300. Our first newsletter was published July 2001. It was a two-page copy produced in house (our house) and printed at Staples. Since that time "SFMANJ Update" has grown to a colored professionally produced 16-20 page publication. In addition, for the past two years all primary members have been provided with a yearly membership resource directory.

Two years ago the board of directors voted to employ a part-time executive secretary. Kathy Hopfel is an indispensable part of what keeps our organization growing. As our membership grows, her responsibilities and hours of service each month grow along with it.

The support from the green industry, Rutgers University and commercial businesses has been phenomenal. Please continue to use your resource directory when shopping for products, equipment and services. Support those that support SFMANJ.

Chapter Dues Increase

The New Jersey Chapter dues have not increased since our inception five years ago. We are proud to say our benefits have. Our members receive a complimentary subscription to "Update" our bimonthly newsletter, a resource directory, a \$10 discount on two field days and workshops, education at the NJTurfgrass Expo, a 10% discount on any Turfgrass classes taught at Rutgers University, opportunities to advertise your business, jobs, equipment sales; student

scholarships and support with your sports field related problems.

As you know, the cost to run the organization has increased. In order to continue offering these benefits and more we must increase dues for 2005. We will continue to provide quality information and education for the Sports Field Manager. Please adjust your budgets to show the following dues.

| | |
|---------------------------------|-------|
| Individual | \$45 |
| Associate | \$45 |
| Organization/Institution | \$45 |
| Additional member from facility | \$25 |
| Commercial/Contractor | |
| Vendor/Supplier | \$100 |
| Additional member | \$30 |
| Student (ID required) | \$15 |

At the *National level*, Sports Turf Managers Association will again kick off a membership promotion, starting on October 1, that gives those joining from October 1, 2004 through December 31, 2004, membership from that point through December 31, 2005 at the 2005-membership rate. To see how you can earn referral bucks, which can be redeemed towards national membership dues or a trip to the National Convention in Phoenix, Arizona Jan. 19-23, 2005 go to www.sportsfieldmanager.com

Our *State chapter*, Sports Field Managers Association of NJ will be offering the same benefit to new Chapter members. This is the time to add a new member or tell a friend about the opportunities SFMANJ offers. **That's up to three months free membership when you join beginning Oct 1.** ♦

Rutgers Corner – Does turfgrass wear reduce the severity of dollar spot?

By Brad Park, Rutgers University
park@aesop.rutgers.edu

We are conducting a study at Rutgers examining the affect of wear on various Kentucky bluegrass varieties throughout the entire growing season, and specifically in spring, summer, and fall. This research will be discussed as part of the *October Sports Field Workshop to be held at Rutgers' Hort. Farm II in North Brunswick, NJ on October 7, 2004.*

Initial observations have shown that some Kentucky bluegrass varieties are very wear tolerant in both spring and summer months. Unfortunately, some of these wear-tolerant varieties are highly susceptible to dollar spot, a turfgrass disease that affects New Jersey sports field turfgrass species including Kentucky bluegrass, perennial ryegrass, and tall fescue.
