## Synthetic Infill Field Maintenance Demonstration Field Day to be Held in South Jersey

*Don Savard, CSFM, CGM*

Sports Field Managers Association of New Jersey's District 4 will present a Synthetic Infill Field Maintenance Demonstration Field Day field day at the Reccino Field Complex in Haddon Township, New Jersey on Wednesday, September 19, 2007.

Thinking of installing a new synthetic infill sports field system? Joel Taylor, Head Groundskeeper will host a tour of his facility and show how he found creative solutions to the unique problems of synthetic field care.

1. See for yourself how these field systems are cleaned, groomed and maintained.
2. Learn how to avoid costly mistakes when planning and building your field.
3. See a demonstration of synthetic field maintenance equipment.
4. Meet other grounds keepers who maintain synthetic fields and hear what they have to say.

**THIS IS NOT AN INFOMERCIAL FOR A  
 PARTICULAR BRAND OF SYNTHETIC INFILL  
 SPORTS FIELD!**

This field day is open to all sports field managers whether you have or are just thinking about getting into the new synthetic infill sports field systems. We especially welcome administrators, facility directors and decision makers to see first hand what synthetic field maintenance is all about.

**Date:** Wednesday, September 19, 2007

**Time:** 9:00 AM to 1:30 PM

**Cost:** \$20 per person - LUNCH IS INCLUDED

For more information call the SFMANJ Chapter @ (908) 730-7770 or visit our website: [www.sfmanj.org](http://www.sfmanj.org)
