## EXPO 2012 DO AC

### Have an Action Plan

Develop a plan for how operations will continue in your absence. Make sure you are accessible by phone (please turn off or set on vibrate during sessions!!!!) to address any concerns that might arise in your absence.

Consider preparing and presenting a report on the information you learned and how you plan to put it into practice at your facility. Demonstrate how you will share the technical information learned with your staff for their continuing educational development.

### Let's DO AC in December!
